“ Sending hugs to Pat. So glad you have your family around you. Thinking about the great times we had on Station Street. Lots of fun! So glad I got to see Dean last year on my way to Arizona. Wish I could have seen you too. Keep your favorite memories close to your heart.

“ My sympathies to the family, Dean was one of the good ones, use to have some great conversations over a few adult beverages back in the 70's. I always wondered where he ended up. RIP!
