“ I've got lots of great memories of Gary, he was always there for me whenever I needed his help! I mean always!! Rain, snow whatever it was he was always there for me! The very best man I've ever meet!! One of my best memories of my dearest friend Gary, is him going up to another truck mechanics shop and getting my truck back from them before they completely took advantage of me! They told him No they wouldn't let him take the truck off the lot, that's when Gary jumped into action and demanded they release my truck to him because that truck was built by Gary and he wasn't going to allow anyone to cheat me out of several hundred dollars and he just started loading it up on his trailer like he didn't care what they thought! That's Gary!! Always looking out for me! I loved him like a father figure and I always looked up to him for several reasons, just a great all around stand up guy that I had the honor of getting to know for over a Decade. He will be greatly missed and I will always hold him in my heart. I'm lost without him!! Sincerely Kirk Ramsey!

“ My thoughts and prayers our with all of you. Gary was such a wonderful thoughtful person. He would have done anything to help a person if they asked it of him. He was a wonderful friend, great bowling partner way back, and the best example of a husband, father/grandfather, brother, and son you could ever see. When he spoke of family his face would light up as he loved them with all his heart. That's included his adorable dogs because they were definitely part of the family. Prissy was definitely

his girl when I first met him. He and Prissy and the teeth grinning I will never forget. Gary will be missed by all who knew him but I know he is with Prissy now and they are watching over Sherrie now from above. God be with you in your time of grief and bring you peace and healing to your hearts. Love you all.

“ Were do I start... Sherrie and Gary always opened their home to me when I was in town for a visit. A visit was never complete with at least one meal out some where. Gary loved food, not sure if he did more than all of the Reeves side of the family, but he would give everyone a run for their money. I think one of his favorites was Red Lobsters all you can eat shrimp. Gary was very down to earth and humble, loved his family and friends no matter what. Then of course the love he had for his fur babies. He spoiled those littles ones, with everything, and deeply cared for them. I'm very grateful to have had the chance to send time with him, and get to know him over the years. My love goes out his wife Sherrie, their kids Becci, Jimmy, the rest of the family and friends that Gary had in his life. May he RIP.

“ There are few people one can go without seeing for several years and still have a place in their heart for. Gary is one of those special unforgettable people. I knew I treasured his visits each day to my job (subway) he was such a delight and so kind and down to earth. I loved his stories and excitement about this or that. My favorite part about him though was his love for his wife. Few men love their wives like he did his. He'd come get her lunch everyday and you could tell there wasn't ANYTHING he wouldn't do for her. Sherri my thoughts and prayers and heart is completely with you right now. I pass y'all's house and just wonder how your making it through this. Sending you tight hugs.
